### Profile

Dynamic Flutter Developer at Aspira System, excelling in various projects including Luxcel LineUp, a Travel Planning app, Chat application, Task Manager, and Shopping List. Proficient in Flutter UI design and Firebase integration. Committed to staying updated with the latest technology, I bring a valuable skill set to any development team.

### Professional Experience

#### Flutter Developer (Internship)

2023 Jun – 2024 Jan

Chennai

As a Flutter Developer Intern at Aspira System, I have gained hands-on experience in Flutter, Dart, API integration, and Firebase development. Through active participation and learning, I have contributed to my skill set in mobile app development and backend functionality.

#### Web Developer (Internship)

2023 Apr – 2023 Jun

Chennai

As an intern at Aspira System, I expanded my skill set beyond mobile app development, delving into web development. I gained proficiency in HTML, CSS, Bootstrap, and JavaScript, enhancing my ability to create dynamic and responsive web applications.

### Skills

- Flutter with Dart
- My Sql
- CSS
- Bootstrap
- Firebase

### Projects

#### LuxcelLineUp, Dress Shop [🔗](#)

✓**User-Friendly Design:** LuxcelLineUp keeps it easy for users, ensuring a straightforward and friendly shopping interface.

✓**Effortless Cart Management:** Quickly add items to your cart without any fuss, making the shopping process a breeze.

✓**Modern Tech Touch:** Powered by Flutter and Firebase, LuxcelLineUp embraces simple technology for a hassle-free mobile shopping experience.

## Chatogram, Chatting app [↗](#)

✓**Google Auth Integration:** Users can seamlessly log in using their Google accounts, ensuring secure and hassle-free authentication.

✓**Responsive Design:** The app's interface dynamically adjusts to different screen sizes, providing an optimal viewing experience across various devices.

✓**Real-time Chatting:** Users can engage in real-time conversations with other users, fostering instant communication and interaction.

✓**Real-time Notifications:** Instant notifications alert users about new messages or interactions, ensuring they stay updated and never miss important conversations.

✓**Dynamic Contacts:** The contacts section lists all users, providing easy access to initiate conversations.

✓**Dynamic Chats:** The chat section displays conversations with previously contacted users, streamlining the messaging experience by prioritizing ongoing discussions.

✓**Profile Updates:** Users have the capability to update their profiles, enabling them to personalize their accounts with relevant information and preferences.

## Travel Planning App, Travel planning app [↗](#)

✓**Travel Planner App:** Created a practical Travel Planner application that employs CRUD operations for managing travel details effectively.

✓**Key Features:** Users can input and manage travel information including date, from/to locations, and purpose. The app integrates with Firebase for seamless data storage and retrieval.

✓**Interactive Mapping:** Enhancing user experience, the Travel Planner allows users to view locations on a map, providing a visual context for their travel plans.

## Education

**B.Com (Computer Application),**  
*Islamiah College (Autonomous)*

2019 Jun – 2022 May  
Vaniyambadi

Completed my Bachelor's degree with a focus on Computer Application from Islamiah College Autonomous in Vaniyambadi. The program provided a robust technical foundation, emphasizing practical skills and knowledge in computer science.

**HSC +2, Anaikar Oriental (Arabic) Higher Secondary School**

Ambur

Completed my Higher Secondary education with a major in Computer Application at Anaikar Oriental Arabic Higher Secondary School in Ambur. The program emphasized a practical understanding of computer science, providing a strong foundation for further studies and career development in the field of technology.
